PROFILE SUMMARY

Detail-oriented Software Developer with a strong focus on building responsive and user-friendly web applications using HTML, CSS, JavaScript, and Node.js. Proficient in leveraging Java for algorithmic problem solving and backend logic. Seeking a Software Developer role to contribute to scalable web architectures and create impactful digital experiences.

EDUCATION

VIT-AP University, Amaravati <i>B.Tech in Computer Science Engineering</i>	2022 – 2026 <i>CGPA: 8.07</i>
Tirumala Junior College, Bhimavaram <i>Higher Secondary (MPC)</i>	2020 – 2022 <i>Percentage: 95.4%</i>
Chaitanya E.M. High School, Yendagandi <i>Secondary School Certificate</i>	2020 <i>Percentage: 79%</i>

TECHNICAL SKILLS

Web Technologies: HTML, CSS, JavaScript, Node.js, React (Basics)
Programming Languages: Java (Strong Problem Solving), Python, SQL
Frameworks & Libraries: Spring Boot, Express.js
Databases: MySQL, MongoDB
Tools & Concepts: Git, Postman, OOPs Concepts, REST APIs

EXPERIENCE

Silicofeller <i>Software Developer Intern</i>	June 2026 – Aug 2026 <i>Gannavaram, Andhra Pradesh</i>
- Developing a cutting-edge AI-Quantum chip design and simulation platform. - Collaborated to successfully deploy the full-stack application on AWS servers. - Created and actively managing a PostgreSQL database using AWS RDS for robust data storage.	
1M1B Green Skills Academy <i>Full-Stack Developer Intern</i>	2024 – 2025 <i>Remote</i>
- Developed scalable backend features and REST APIs, and efficiently managed application data using SQL. - Collaborated to optimize responsive web solutions and tested APIs with Postman to ensure system reliability.	

PERSONAL PROJECTS

Secure File Transfer Web Application <i>Java, Spring Boot, Web Technologies, MySQL</i>	2026
- Developed a secure file transfer web system with robust authentication and role-based access control. - Built the user interface using HTML/CSS/JavaScript and designed REST APIs for efficient metadata storage. - Implemented encryption and validation mechanisms to ensure secure data transmission across the web.	
Student Attendance Management System <i>Node.js, JavaScript, HTML, CSS, MySQL</i>	2025
- Built a comprehensive web-based backend system to manage and track student attendance in real-time. - Designed responsive front-end components and optimized data handling for faster retrieval. - Implemented efficient SQL queries to generate reports on attendance trends and system performance.	

ACHIEVEMENTS & ACTIVITIES

- Problem Solving:** Solved 150+ LeetCode problems in **Java**, strengthening data structures and algorithmic thinking.
- Leadership:** Coordinated technical college events with 600+ participants.
- Extracurricular:** Member of the Photography Club, VIT-AP University.
- Sports:** Selected for Inter-Mandal Cricket Squad 2024; Runner-up in Palakoderu League Cricket.
